

Discernment of God's Call  
Commissions  
***Calling—Equipping—Serving in Mission***

Is God calling you?

Do you have a passion for the gospel? Commitment to grow in Christ? The courage to allow the Holy Spirit to transform your life? Flexibility and adaptability? A heart for mission? If so, we invite you to apply to serve on one of the commissions being formed to support the leaders, disciples, and congregations of Muskingum Valley Presbytery in their calling, equipping and serving in mission.

Following are brief descriptions of the three commissions being formed:

- **Calling:** This commission will explore God's call to each one of us in baptism. The commission will develop ways that we might more faithfully heed God's call, as well as attend to the work formerly mandated by the Book of Order under the Committee on Preparation.
- **Equipping:** This commission will explore ways to equip elders, leaders, and disciples for ministry in the 21<sup>st</sup> century. Included will be a review of the work formerly done by the Committee on Ministry as the commission identifies the resources, training, and tools needed for faithful, effective ministry in the context of accountable relationships.
- **Serving in Mission:** Jesus' mandate is clear—we are to make disciples and meet human need! We do this on a local, national, and international level. This commission will explore the ways to collaborate and network in our shared mission across all levels of service.

To apply, please email (or mail) Candice McMath a one-page description of how God is calling you to serve on the Calling, Equipping, or Serving in Mission Commission.

***Please also include your MBTI, Gallup Strengths, and Change Style Indicator results. Note: If you have not yet had opportunity to take these assessments, simply call or email Candice, and she will get you the assessments you need.***
